

Material Handling- Stacker & Lift table

Stacker

Economical, attractive lift is ideal for commercial or industrial use.

Design Features:

Chrome plated handle and supports

Removable solid platform

Heavy duty lifting chain

Foot pedal features an anti-slip sleeve

Material Handling- Stacker & Lift table

Hydraulic Post Table

Built for fast and efficient lifting, transporting and positioning of equipment and materials.

Long lasting hydraulic pump is foot operated providing flexibility and portability

Foot pedal hydraulic pump

All steel construction with welding to meet the A.W.S

Two rigid and two swivel polyurethane casters

Floor lock holds unit in place to prevent movement while loading and unloading.

Unit is powder coated blue

Battery operated power model available

Mechanical Post Table

This adjustable height portable table is well suited for a wide variety of material handling applications. Mechanical crank mechanism provides positive height adjustment without downward drift. Two speed gear mechanism moves loads at 1/8" per crank rotation and light loads at 3/8" per crank rotation. 5" x 2" two rigid/two swivel polyurethane casters and floor lock standard.
